JUPITER[®]

Artist Saxophones

JUPITER Artist Saxophones represent a result of the combining of the state-of-the-art techniques and the proven hand craftsmanship in the making of modern instruments. The Artist Saxophone is designed not only with the best quality materials and aesthetic engravings but also a functional backpack case. The exceptional sound and esthetic design of the Artist Series offer professionals and amateurs a stunning musical experience. JUPITER Artist Saxophones include the 800 & 900 series which are the brilliant artwork for discerning players to inspire their passion toward music. The goal of the JUPITER Artist Series is to give musicians confidence in their style and creativity by its unique features.

**Unique,
powerful and true !**

Albie Donnelly's Supercharge

Artist 800 Series Saxophone features a solid sterling silver neck that achieves a more focused and better projection of sound which is more consistent throughout the entire range of tones. The saxophones also include tilting B^b spatula key and adjustable bell keys for fast, smooth action and performance. Features also include metal tone boosters, beautifully engraved bell and deluxe wood frame case or backpack case.

Artist 900 Series Saxophone features a handmade one piece brass neck that achieves more balance resonance and articulation. The saxophone also provides a more comfortable playing and smooth action by the ergonomic key mechanism, adjustable thumb rest and comfort octave lever. The engraved octave key, refined badge on engraving bell and pearl shell inlay keys make all Artist 900 Saxophones look more esthetically pleasing.

Standard Features:

Waterproof Pads With Metal Tone Boosters

They not only allow stable playing effectively to extend the pad life but also provide brighter resonance to make the tone clear.

Needle Steel Springs

These are more resilient than stainless and provide for highly dexterous playing needed for difficult passages.

Adjustable Metal Thumb Rest

All Artist saxophones feature the adjustable metal thumb rest. It provides smooth touch and more comfortable playing feel.

Deluxe Wood Frame Case

The Artist saxophones come with a professional style wood frame case for perfect protection and appearance.

Artist Saxophones

"I require an instrument that will produce a beautiful, ringing tone quality, resonant enough to fill a concert hall yet still sound clear when there is a microphone two inches from the bell. The JUPITER Artist Saxophones deliver that tone. In addition, the 800 Series has a very accurate intonation and a dependable and comfortable key mechanism."

Artist Saxophones

"We play JUPITER Saxophones of the Artist series, because we fell in love with their mellow and full sound and the classy appearance. In an ensemble it is essential to perfectly play together with very good instruments. With JUPITER, you can reach for the stars."
